Cooler than Thou

Weston Teruya, *Of those cast out (water tower for the new state)*, 2008.

Even more than for his intricate draftsmanship-to wit, *Of those cast out (water tower for the new state)*, shown here-**Weston Teruya** has been feted (and, occasionally slammed) for his manipulation of white space. (You see, it's all about what *isn't* there.) A skill that no doubt, he honed during his residency at the Oliver Ranch in Guyserville. See what he came up with at the show "Shifted Focus: An APAture Retrospective," on display this month at Kearny Street Workshop. *Represented by Patricia Sweetow Gallery.*
